SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

The Passport (i) are non-transferable and can only be used to pay course tuition fees for the named holder and (ii) cannot be used to attend courses either in excess of the specified number of courses or which start more than 24 months after the start date of the first course attended under that Passport. Learning Tree reserves the right to exclude certain courses from eligibility in the Passport program. The Government 4-Course Passport is different than the 4-Course Passport Pass offered to our commercial customers in that the government customer is permitted to pay for courses after attendance whereas commercial customers must pre-pay for the program. Payment for a Government 4-Course Passport Pass can be made by company check, GSA SmartPay or Government Commercial Purchase Card (GCPC). The purchasing agency will be invoiced for each course after course attendance. The first course will be invoiced at the GSA discounted

individual seat price, the second course will be invoiced at the GSA discounted Returning Attendee price, the third course will be invoiced at the lesser amount between the GSA discounted Returning Attendee price or the difference between the full Government 4-Course Passport price and the total amount already invoiced, and the fourth course will be invoiced at the difference, if any, between the full Government 4-Course Passport price and the total amount already invoiced. Thereby, the Government will pay for courses only after attendance. In addition, the purchasing agency is required to submit a blanket Government Training Form and/or Purchase Order for the total Government 4-Course Passport price within thirty (30) days after the start date of the first course attended under the Government 4-Course Passport. Payment on a Government 4-Course Passport invoice is due within 30 days after the start date of each course attended.

In addition, the purchasing agency is required to submit a Government Training Form and/or Purchase Order for the total Government Training Voucher Pack amount within thirty (30) days after the start date of the first course attended under the Government Training Voucher Pack.
