**BOARD MEETINGS AND COMMITTEES**

The Board of Directors (“the Board”) held four meetings during fiscal 2005. The Board has three separately designated standing committees: the Audit Committee, the Compensation and Stock Option Committee and the Nominating and Corporate Governance Committee. Each member of these standing committees has been determined to meet the standards for “director independence” as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act and as adopted by the Nasdaq National Market. Each incumbent director attended at least 75% of the aggregate of the number of meetings of the Board and meetings of committees of the Board on which he served during fiscal 2005, except for Mr. Juechter, who attended 65%.

**Audit Committee**

The members of the Audit Committee are Messrs. Bain, Godbold and Hessler. The Audit Committee has adopted a charter which is posted on Learning Tree’s website at <http://www.learningtree.com/investor> and a copy of which was attached to the 2005 Proxy Statement. The principal functions of the Audit Committee are to review the plan and results of Learning Tree’s independent audit with Learning Tree’s independent auditors and management,

to review Learning Tree's systems of internal control over financial reporting, and to engage or discharge Learning Tree's independent auditors. The Board has determined that each member of the Audit Committee is "independent" as required in the Audit Committee Charter. The Audit Committee met sixteen times during fiscal 2005. *The material in this paragraph shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that Learning Tree specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.*

Learning Tree's Board of Directors has determined that Howard A. Bain III, Chairman of Learning Tree's Audit Committee, is a financial expert because he has the following attributes: (i) an understanding of generally accepted accounting principles ("GAAP") and financial statements; (ii) the ability to assess the general application of such principles in connection with accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by Learning Tree's financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal control and procedures for financial reporting; and (v) an understanding of audit committee functions. Mr. Bain has acquired these attributes by means of having held various positions that provided relevant experience, as described above. Mr. Bain is independent as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act.

### **Compensation and Stock Option Committee**

The members of the Compensation and Stock Options Committee are Messrs. Juechter, Godbold and Hessler. The principal functions of the Compensation and Stock Option Committee are to (i) review and make recommendations to the Board with respect to the direct and indirect compensation and employee benefits of the Chairman, President and other elected officers of Learning Tree, (ii) review, administer and make recommendations to the Board with respect to any incentive plans and bonus plans that include elected officers, review Learning Tree's policies relating to the compensation of senior management and other employees, address matters relating to Learning Tree's stock option plans and provide recommendations to the Board as to grants of stock options. In addition, the Compensation and Stock Option Committee reviews management's long-range planning for executive development and succession, establishes and periodically reviews policies on perquisites and performs certain other review functions relating to management compensation and employee relations policies. The Compensation and Stock Option Committee met seven times during fiscal 2005.

### **Nominating and Corporate Governance Committee**

The members of the Nominating and Corporate Governance Committee (the "Governance Committee") are Messrs. Juechter, Godbold and Hessler. The Governance Committee has adopted a charter which is posted on Learning Tree's website at <http://www.learningtree.com/investor>. The Governance Committee met six times during fiscal 2005.

The Governance Committee manages the process for evaluating current Board members at the time they are considered for renomination. After considering the appropriate skills and characteristics required on the Board, the current makeup of the Board, the results of the evaluations, and the wishes of the Board members to be renominated, the Governance Committee recommends to the Board whether those individuals should be renominated.

On at least an annual basis, the Governance Committee reviews with the Board whether it believes the Board would benefit from adding a new member(s), and if so, the appropriate skills and characteristics required for the new member(s). If the Board determines that a new member would be beneficial, the Governance Committee solicits and receives recommendations for candidates and manages the process for evaluating candidates. All potential candidates, regardless of their source, are reviewed under the same process. The Governance Committee (or its chairman) screens the available information about the potential candidates. Based on the results of the initial screening, interviews with viable candidates are scheduled with Governance Committee members, other members

of the Board and senior members of management. Upon completion of these interviews and other due diligence, the Governance Committee may recommend to the Board the election or nomination of a candidate.

Candidates for independent Board members have typically been found through recommendations from directors or others associated with Learning Tree or with the help of executive search firms (which receive a fee for their services). Where executive search firms have been used, Learning Tree has provided the search firm with a written description of both minimum and desired qualifications for that specific candidate. Based upon these qualifications, the search firm collects resumes and other data about potential candidates and recommends potential candidates to the Governance Committee. Learning Tree's stockholders may also recommend candidates by sending the candidate's name and resume to the Governance Committee under the provisions, set forth below, for communication with the Board. No such suggestions from Learning Tree's stockholders were received in time for the 2006 Annual Meeting.

The Governance Committee has no predefined minimum criteria for selecting Board nominees, although it believes that all independent directors should share qualities such as, independence; experience at the corporate, rather than divisional, level in multi-national organizations larger than Learning Tree; relevant, non-competitive experience; and strong communication and analytical skills. In any given search, the Governance Committee may also define particular characteristics for candidates to balance the overall skills and characteristics of the Board and the perceived needs of Learning Tree. In recent years, for example, Learning Tree has sought a nominee with significant financial expertise and a nominee with significant relevant operating experience. The Governance Committee believes that it is necessary for at least one independent Board member to possess each of these skills. However, during any search, the Governance Committee reserves the right to modify its stated search criteria for exceptional candidates.

#### **STOCKHOLDER COMMUNICATIONS**

The Board, including its independent directors, has unanimously adopted a procedure for its stockholders to communicate with the Board. Communications may be addressed to the Secretary of the Company, Learning Tree International, Inc. at 400 N. Continental Blvd., Suite 200, El Segundo, CA 90245, marked to the attention of the Board or of any of its individual Committees. Copies of all communications so addressed will be promptly forwarded to the chairman of the Committee involved or, in the case of communications addressed to the Board as a whole, to the chairman of the Governance Committee.

#### **ANNUAL MEETING ATTENDANCE**

The Board members are not required to attend Learning Tree's Annual Meeting. As attendance by shareholders at Learning Tree's Annual Meetings has historically been low. Thus, the Board believes the cost of requiring attendance is not generally justified. However, based upon the nature of the matters to be addressed, they may attend. At the 2006 Annual Meeting (as in the 2005 Annual Meeting) the only matter to be decided is the election of certain Board members. Consequently, only two of the six members of the Board attended the 2005 Annual Meeting.

#### **COMPENSATION OF DIRECTORS**

No director who is an employee of Learning Tree is compensated for service as a member of the Board. Directors that are not employees of Learning Tree currently receive a monthly retainer of \$2,000. Non-employee directors that serve as a chairperson of a committee also receive an annual retainer of \$5,000. All non-employee directors also receive a \$1,500 fee for each Board or Committee meeting attended in person and \$1,000 if attended telephonically (only a single \$1,500 or \$1,000 fee is paid for attendance at multiple committee meetings on a single day). In addition, non-employee directors are granted 5,000 stock options on joining the Board and 2,500 stock options annually thereafter, which vest over a 3-year period. Directors are reimbursed for travel and out-of-pocket expenses incurred on behalf of Learning Tree.

### Stock Option Plans

#### *1999 Stock Option Plan*

In March 1999, Learning Tree adopted the Learning Tree International, Inc. 1999 Stock Option Plan (the "1999 Plan"). The 1999 Plan permits the grant of options to officers, employees and directors of the Company. It provides for the issuance of incentive stock options within the meaning of Section 422 of the Internal Revenue Code and non-qualified stock options. The 1999 Plan, as amended, provides for options covering up to an aggregate of 3,964,000 shares of Common Stock.

### ***1995 Stock Option Plan***

In October 1995, Learning Tree adopted the 1995 Stock Option Plan (the “1995 Plan” and together with the 1999 Plan, the “Stock Option Plans”), which provided for options covering up to an aggregate of 2,250,000 shares of Common Stock. The 1995 Plan permitted the grant of options to officers, employees and directors of Learning Tree. Learning Tree is no longer granting options under the 1995 Plan.

Both of the Stock Option Plans were approved by Learning Tree’s stockholders. For information on the number of options remaining for grant and the weighted-average exercise price of outstanding options, see Note 7 to Learning Tree’s audited financial statements for the year ended September 30, 2005.

### ***Administration of the Stock Option Plans***

The Stock Option Plans are administered by the Compensation and Stock Option Committee. Each option is evidenced by a written agreement in a form approved by the Compensation and Stock Option Committee. No options granted under either of the Stock Option Plans are transferable by the optionee other than by will or by the laws of descent and distribution, and each option is exercisable, during the lifetime of the optionee, only by the optionee.

Under the Stock Option Plans, the exercise price of an incentive stock option must be at least equal to 100% of the fair market value of the Common Stock on the date of grant (110% of the fair market value in the case of options granted to employees who hold more than ten percent of the voting power of the Company’s capital stock on the date of grant). The exercise price of a non-qualified stock option must be not less than 75% of the fair market value of the Common Stock on the date of grant. For both incentive stock options and non-qualified stock options, the exercise price must not be less than the par value of a share of the Common Stock on the date of grant. The term of any stock option is not to exceed ten years (five years in the case of an incentive stock option granted to a ten percent holder). The Compensation and Stock Option Committee has the discretion to determine the vesting schedule and the period required for full exercisability of stock options; however, in no event can the Compensation and Stock Option Committee shorten such period to less than six months. Upon exercise of any option granted under either of the Stock Option Plans, the exercise price may be paid in cash, and/or such other form of payment as may be permitted under the applicable option agreement, including, without limitation, previously owned shares of Common Stock.

**Other Employee Benefit Plans**

Learning Tree has adopted the Learning Tree International 401(k) Plan (the "401(k) Plan"), which is intended to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). Under Section 401(k) of the Code, contributions by employees or by Learning Tree to the 401(k) Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) Plan, and contributions by Learning Tree are deductible by Learning Tree when made.

All employees of Learning Tree and its U.S. subsidiaries that have attained 18 years of age and have met the plan's service requirements are eligible to participate in the 401(k) Plan. Each eligible employee may contribute to the 401(k) Plan up to 15% of his or her salary, through payroll deductions, subject to statutory limitations. For fiscal 2001 through 2005, for each \$1.00 invested by an employee, Learning Tree contributed \$0.75 up to four and one-half percent of such employee's salary. The 401(k) Plan permits, but does not require, additional contributions to the 401(k) Plan by Learning Tree.

**Employment Agreements**

Since October 2005, Dr. Collins has been employed by Learning Tree under an arrangement which provides for his services at an aggregate annual compensation of one dollar per year. He is expected to spend approximately 25% of his time on his duties, which include special projects and overseeing (with the concurrence of the Nominating and Governance Committee of the Learning Tree Board of Directors) a charitable budget for Learning Tree of \$200,000.

Pursuant to an employment agreement dated as of November 16, 2003 (the "Garen Agreement"), Mr. Garen reports directly to the Board and performs executive duties and functions as specified from time to time by the

Board. Mr. Garen receives compensation on an hourly basis as provided for in the Garen Agreement. The Garen Agreement may be terminated by either party on three months written notice.

Pursuant to an employment agreement dated as of October 1, 2005 (the “Schacht Agreement”), Mr. Schacht serves as President and Chief Executive Officer of Learning Tree. Pursuant to the Schacht Agreement, Mr. Schacht receives an annual base salary, as well as incentive compensation, and severance compensation equal to six months’ base salary upon termination of employment by Learning Tree. In addition, Mr. Schacht agreed, for a period of one year following termination, not to offer any service in competition with Learning Tree, whether directly or indirectly, in any area served by Learning Tree at the date of termination; and for a period of two years, not to disclose any information pertaining to Learning Tree’s customers or the contents of any mailing list prepared or used by Learning Tree during or prior to the term of the Schacht Agreement. The Schacht Agreement is terminable by either party at any time.

Pursuant to an employment agreement dated as of February 9, 1978, as amended (the “Adams Agreement”), Mary C. Adams is employed as Chief Administrative Officer of Learning Tree. Pursuant to the Adams Agreement, Ms. Adams receives an annual base salary, as well as incentive compensation. Upon termination of employment by Learning Tree, Ms. Adams would receive severance compensation equal to eight months’ base salary. In addition, Ms. Adams has agreed, for a period of two years following the termination of the Adams Agreement, not to (i) solicit any of Learning Tree’s customers with whom she did business or was acquainted during the term of the Adams Agreement or (ii) disclose any information pertaining to Learning Tree’s customers or the contents of any mailing list prepared or used by Learning Tree during or prior to the term of the Adams Agreement. The Adams Agreement is terminable by either party at any time.

Pursuant to an employment agreement dated October 1, 2005 (the “Nylund Agreement”), Magnus Nylund is employed as Chief Information Officer of Learning Tree. Pursuant to the Nylund Agreement, Mr. Nylund receives an annual base salary, as well as incentive compensation. Upon termination of employment by Learning Tree, Mr. Nylund would receive severance compensation equal to six months base salary. In addition, Mr. Nylund has agreed, for a period of two years following the termination of the Nylund Agreement, not to (i) solicit any of Learning Tree’s customers with whom he did business or was acquainted during the term of the Nylund Agreement or (ii) disclose any information pertaining to Learning Tree’s customers or the contents of any mailing list prepared or used by Learning Tree during or prior to the term of the Nylund Agreement. The Nylund Agreement is terminable by either party at any time.

#### **Stockholders Agreement**

Dr. Collins and Mr. Garen have entered into a Stockholders Agreement dated as of October 1, 1995 and amended as of October 23, 1995 (the “Stockholders Agreement”). The Stockholders Agreement provides that (i) the non-transferring stockholder shall have a right of first refusal with respect to any transfer that is not made to certain affiliates or pursuant to either an underwritten public offering or Rule 144 of the Securities Act of 1933 (a “Restricted Transfer”); and (ii) in addition to the foregoing restriction, no Restricted Transfer to any person or group involving more than five percent of the then outstanding Common Stock may be effected without the prior consent of the non-transferring stockholder.

### **CERTAIN TRANSACTIONS**

During fiscal 2005, Learning Tree paid \$179,500 for legal services performed by Guth | Christopher LLP, a law firm in which Mr. Guth is a partner. Mr. Guth has sole voting and disposition power, as Trustee of an aggregate of 1,195,065 shares of Learning Tree Common Stock held by the Nicole Suzanne Garen Family Trust, the Steven Robert Garen Family Trust, and the Garen Dynasty Trust, but as to which he disclaims beneficial ownership.

## **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

No member of the Compensation and Stock Option Committee is or was a Learning Tree officer or employee, or is related to any other member of the Compensation and Stock Option Committee, or any other member of the Board, or any Learning Tree executive officer.

### **REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE**

#### **Compensation and Stock Option Committee Report on Executive Compensation**

The Compensation and Stock Option Committee of the Board of Directors (the "Compensation Committee") is responsible for overseeing and, as appropriate, making recommendations to the Board of Directors regarding the annual salaries and other compensation, including stock option grants, of the officers of Learning Tree. In addition, the Compensation Committee provides assistance and recommendations with respect to Learning Tree's compensation policies and practices and assists with the administration of Learning Tree's other compensation plans. The Compensation Committee also administers Learning Tree's Stock Option Plans.

#### ***Compensation Policy for Executive Officers***

The Compensation Committee believes that attracting and retaining well-qualified executives is crucial to Learning Tree's success. The Compensation Committee's general approach to compensating executives is to pay cash salaries which are commensurate with the executives' experience and expertise and, where relevant, are comparable with the salaries paid to executives in competitive businesses. Consequently, except as described below as to Dr. Collins, base salaries for Learning Tree's executives have been determined as part of the total compensation package by reference to such factors as salary history, competitive factors in the market, and relative merit. Learning Tree has not employed any formal process for evaluating its base salaries, believing that the benefits would not be justified by the costs.

#### ***Fiscal 2005 Salary and Incentive Compensation of Chief Executive Officer and Other Officers***

In fiscal 2005, Dr. David Collins, Learning Tree's Chief Executive Officer and Chairman of the Board of Directors, received compensation under the terms of an Employment Agreement between Learning Tree and Dr. Collins dated as of October 1, 1995 (the "Collins Agreement"). The Collins Agreement provides that Dr. Collins shall receive a base salary of at least \$300,000 and also entitles Dr. Collins to participate in an incentive plan each year, whereby he may receive an "on-target" incentive payment of at least \$155,000 if certain specified performance criteria are met.

At the beginning of fiscal 2005, the Compensation Committee approved Dr. Collins' fiscal 2005 compensation plan. As contemplated by the Collins Agreement, Dr. Collins received a base salary rate of \$432,600. The fiscal 2005 incentive plan for Dr. Collins was based on achievement of specified targets for Learning Tree's net income and the average quality rating of Learning Tree's courses, with an "on-target" incentive of \$270,400. The incentive compensation earned by Dr. Collins under this formula for fiscal 2005 was \$105,016.

The basic format for the incentive compensation of Dr. Collins (before fiscal 2006), Mr. Schacht and other senior line executives has been in place for several years. At the beginning of each year, the Compensation Committee approves both a target incentive amount for each senior officer and a series of weighted quantitative performance targets for the upcoming fiscal year, most commonly based on operating income, revenue growth and improvement in the quality rating of Learning Tree's courses based upon reviews completed by course attendees. At the end of the fiscal year, the incentive compensation for each executive is determined under a formula using the actual results for the year and by the percentage of the target incentive assigned to that goal. An executive does not receive any incentive if the minimum targets are not met, but can earn in excess of his target incentive if the actual results exceeds the budgeted or targeted level.

The weighting of the targets in each plan is approved by the Compensation Committee and varies from year to

year. In addition, the Compensation Committee may add additional components where it deems them desirable. For fiscal 2005, the Compensation Committee approved an incentive plan that included targets for revenue growth, operating income, improvements in course quality and for certain officers, the incentive plans also include a component based on satisfactory completion of the requirements of Section 404 of the Sarbanes Oxley Act. The fiscal 2006 plan approved by the Compensation Committee includes targets for revenue growth, operating income, improvement in course quality levels and discretionary items for each executive subject to the plan. For officers whose responsibilities are limited to particular business units of Learning Tree, the criteria used relate directly to the financial and quality parameters attained by the unit involved.

The Compensation Committee believes that this approach focuses the officers of Learning Tree on its growth, profitability and quality assurance.

### ***Equity Incentives***

The Compensation Committee also believes that equity ownership by key executives provides a valuable incentive and further aligns executives' and stockholders' interests. Learning Tree previously adopted the Stock Option Plans, pursuant to which Learning Tree was authorized to grant stock options to executives (as well as other employees and directors) to purchase an aggregate of up to 6,214,000 shares of Common Stock. In fiscal 2005, Learning Tree granted 50,000, 50,000 and 15,000 stock options to Ms. Adams, Mr. Zacherl and Mr. Nylund, respectively.

Messrs. Collins and Garen are not eligible to receive grants under the Stock Option Plans. The Compensation Committee believes that grants of options for additional equity would not have a measurable effect on the incentives provided to them in light of their significant current holdings of Common Stock. The Compensation Committee did not consider alternatives for equity-based compensation.

### ***Deductibility of Executive Compensation***

Section 162(m) of the Internal Revenue Code, as amended, could under certain circumstances result in limits on Learning Tree's ability to deduct compensation of \$1,000,000 paid to certain executive officers. Exceptions to this deductibility limit may be made for various forms of performance-based compensation. Based on the fiscal 2005 compensation levels and the terms of the incentive compensation plans, no such limits on the deductibility of compensation applied for any officer of Learning Tree. While Learning Tree has not adopted a policy specifically prohibiting compensation at a level that would limit deductions, the Compensation Committee does not currently anticipate any restrictions on the future deductibility of compensation for Learning Tree's officers. However, the Compensation Committee will not necessarily limit executive compensation to that deductible under Section 162(m) of the Code.

## REPORT OF THE AUDIT COMMITTEE

*The material in this report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that Learning Tree specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.*

Although the Audit Committee oversees Learning Tree's financial reporting process on behalf of the Board of Directors consistent with the Audit Committee's written charter, management has the primary responsibility for preparation of Learning Tree's consolidated financial statements in accordance with generally accepted accounting principles and the reporting process, including disclosure controls and procedures and the system of internal control over financial reporting. Learning Tree's independent registered public accounting firm is responsible for auditing the annual financial statements prepared by management.

The Audit Committee has reviewed and discussed with management and its independent registered public accounting firm, Ernst and Young, LLP, Learning Tree's September 30, 2005 audited financial statements, Learning Tree's September 30, 2003 and October 1, 2004 restated audited financial statements, Learning Tree's restated quarterly financial results for the seven quarters ended July 1, 2005, and management's assessment of the effectiveness of Learning Tree's internal control over financial reporting as of September 30, 2005. Prior to the commencement of the audit, the Audit Committee discussed with Learning Tree's management and independent registered public accounting firm the overall scope and plans for the audit. Subsequent to the audit and each of the quarterly reviews, the Audit Committee discussed with the independent registered public accounting firm, with and without management present, the results of their examinations or reviews, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of specific judgments and the clarity of disclosures in the consolidated financial statements.

In addition, the Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statements on Auditing Standards No. 61, "Communication with Audit Committees" as amended by Statement on Auditing Standards No. 90, "Audit Committee Communications." The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Audit Committee discussed with the independent registered public accounting firm the auditors' independence from Learning Tree and its management and considered the compatibility of non-audit services with the auditors' independence.

During the course of closing the fiscal year ended September 30, 2005, management completed the documentation, testing and evaluation of Learning Tree's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. The Audit Committee reviewed the report of management contained in Learning Tree's Annual Report on Form 10-K for the fiscal year ended September 30, 2005 filed with the SEC, as well as the independent registered public accounting firm's Report of Independent Registered Public Accounting Firm included in Learning Tree's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee Learning Tree's efforts related to its internal control over financial reporting and management's remediation efforts with respect to Learning Tree's material weaknesses and preparations for the evaluation of internal control over financial reporting in the fiscal year ending September 29, 2006.

Based upon the reviews and discussions referred to in the foregoing paragraphs, the Audit Committee recommended to the Board of Directors that the audited financial statements, including prior period restated financial statements, be included in Learning Tree's Annual Report on Form 10-K for the fiscal year ended September 30, 2005 filed with the Securities and Exchange Commission.

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Learning Tree's directors and executive officers, as well as persons who own more than ten percent of Learning Tree's Common Stock, to file with the Securities and Exchange Commission ("SEC") initial reports of beneficial ownership and reports of changes in beneficial ownership of Learning Tree's Common Stock. Directors, executive officers and greater-than-ten percent stockholders are required by the SEC regulations to furnish Learning Tree with copies of all Section 16(a) forms they file.

Based solely on a review of copies of reports filed with the SEC and submitted to Learning Tree and on written representations by certain directors and executive officers of Learning Tree, Learning Tree believes that all of Learning Tree's directors and executive officers filed all required reports on a timely basis during fiscal 2005 except: (i) Mr. Bain received options on May 9, 2005 and his related Form 4 was not filed until June 13, 2005; (ii) Mr. Godbold received options on May 9, 2005 and his related Form 4 was not filed until June 10, 2005; (iii) Mr. Hessler received options on May 9, 2005 and his related Form 4 was not filed until June 10, 2005; and (iv) Mr. Juechter received options on May 9, 2005 and his related Form 4 was not filed until June 16, 2005.

## INDEPENDENT AUDITORS

For fiscal 2005, Learning Tree's independent auditors, as recommended by its Audit Committee and approved by its Board of Directors, were Ernst & Young LLP, an Independent Registered Public Accounting Firm. The following table presents fees for professional services rendered by Ernst & Young LLP for fiscal years 2004 and 2005.

All Other Fees(2) .....	—	9

(1) Tax fees include fees principally incurred for assistance with tax compliance matters.

(2) All other fees include fees associated with compensation plans and transitioning of audit engagement responsibilities.

## Audit Committee Authorization of Audit and Non-Audit Services

The Audit Committee has the sole authority to authorize all audit and non-audit services to be provided by the independent auditors engaged to conduct the annual audit of Learning Tree's consolidated financial statements. In addition, the Audit Committee has adopted pre-approval policies and procedures that are detailed as to each particular service to be provided by the independent auditors and require the Audit Committee to be informed of each service provided by the independent auditors. Such policies and procedures do not permit the Audit Committee to delegate its responsibilities under the Securities Exchange Act of 1934, as amended, to management. The Audit Committee pre-approved 100 percent of fees for services provided by Ernst & Young LLP during fiscal 2004 and 2005.

The Audit Committee considered and determined that the provision of non-audit services by Ernst & Young LLP was compatible with maintaining the auditors' independence. The Audit Committee has not yet considered the selection of an auditor for fiscal 2006. It is anticipated that the Audit Committee will consider the selection and make a decision by March 31, 2006.

A representative of Ernst & Young LLP will be available at the Annual Meeting to respond to appropriate questions or make any other statements such representative deems appropriate.

## STOCKHOLDERS' PROPOSALS FOR 2007 ANNUAL MEETING

Pursuant to Rule 14a-8 of the SEC, proposals by eligible stockholders, which are intended to be presented at Learning Tree's Annual Meeting of Stockholders in 2007, must be received by Learning Tree by September 23, 2006 in order to be considered for inclusion in Learning Tree's proxy materials.

## OTHER MATTERS

The Board is not aware of any matter to be acted upon at the Annual Meeting other than as described in this Proxy Statement. If any other matter properly comes before the meeting, however, the proxy holders are authorized to vote on that matter or matters in accordance with their best judgments.

## ANNUAL REPORT TO SHAREHOLDERS

Learning Tree's Annual Report for the fiscal year ended September 30, 2005 is being mailed to Shareholders along with this Proxy Statement. *Learning Tree's Annual Report is not to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that Learning Tree specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.*
